

# The effect of COVID-19 in the VET Catalan System

Maria Pascual

# Key measures taken

- Up to 5 highlighted measures:
  - Remote teaching, working & coordinadition with the training centers and their staff
  - Carrying out the planned events online as much as possible
  - Helping students & staff to end the course safely by: reducing the hours in each subject and creating an integrated project
  - Helping students to come back home asap and safely
  - Postponing some events & activities until next year

# Key challenges identified by measure implementation

- Coordinating among all the agents involved, for example, to repatriate students (Exterior Affairs Department)
- Managing the provision of online tools to teachers and students
- Assuring all the students have access to Internet and can follow the lessons
- Adapting the plan constantly and fast to the official instructions
- Working with other Departments to design measures and plans

# Prospective solutions to improve crisis-reaction

- Keeping normality as much as possible
- Carrying out actions & events online
- Providing safety measures and plans
- Giving clear and supportive guidelines to the training centers
- Design of a plan to boost and adapt international mobility

# GOOD PRACTICES

- [Networks Yearly Closing Event](#)
- [International Entrepreneurship & Innovation Seminar](#)
- QCAMPUSFP
- Education Fair 2020
- Dissemination Campaign
- [New Mobility Platform & Website](#)

# Thanks for your attention
