Key measures taken

... on national and regional levels in Sweden

- National initiatives for HE, AE and Liberal AE
- ESF national and regional calls
- Calls for Adult VET (EQF4) and Higher Vocational Education (EQF 5-6)

Key challenges identified by measure implementation

- Sudden transition to teaching in a virtual classroom
- Calls for applications with very short deadlines

Prospective solutions to improve crisis-reaction

- Digital solutions for remote learning
- Region Västra Götaland Skills Platform
- Quick change and increased cooperation

Lessons learned examples

... from an involuntary experiment

- On regional level
 - Cross-border Collaboration provides many new opportunities
- At the Adult Education Borås
 - Increased attendance and results approximately equal
