

19th EUROPEAN WEEK of REGIONS and CITIES

Together for Recovery #EURegionsWeek

Workshop: Regions providing skills and jobs for a green Society.

How can we educate our VET students to become the flexible, digitally skilled
and sustainability-oriented water sector professionals that the emerging
European Water sector so desperately needs?

Co-funded by the
Erasmus+ Programme
of the European Union

What's happening?

Workshop: Regions providing skills and jobs for a green Society.

How can we educate our VET students to become the flexible, digitally skilled and sustainability-oriented water sector professionals that the emerging European Water sector so desperately needs?

Centers of Vocational Excellence Water in 5 regions

Steps:

- Taking a 'picture' of skills eco system in each region
- Compare outcomes with desired situation
- How can we help and inspire each other?
- Develop an action plan for each regional CoVE Water
- Working on a sustainable learning community within PoVE Water

How can we educate our VET students to become the flexible, digitally skilled and sustainability-oriented water sector professionals that the emerging European Water sector so desperately needs?

Impact in the region

- Hybrid teachers
- Enhanced reputation of the water sector
- Increase in student numbers
- Water weeks
- Water summer school
- Use of educational material through digital EU wide online platform
