Exchange and mobility

move

Our vision

At least once in the course of their education, all young people shall take part in an exchange or mobility activity to improve their language skills, their social and professional competences and thus also their prospects on the labour market.

Our mission

We promote and support projects and activities in the field of exchange and mobility in education and training at national and international level, both in and out of school. We network organisations and institutions in the field of exchange and mobility and bring together providers and interested users of projects and activities.

Our responsible body

The Swiss Foundation for the Promotion of Exchange and Mobility (SFAM) was established in March 2016 by the State Secretariat for Education, Research and Innovation (SERI), the Federal Office of Culture (FOC), the Federal Social Insurance Office (FSIO) and the Swiss Conference of Cantonal Ministers of Education (EDK).

Movetia is active since 1 January 2017.

Our funding programmes

In vocational education and training:

Mobility projects under the Swiss Solution to Erasmus+

Cooperation projects under the Swiss solution to Erasmus+

National exchange projects

International Programme

Mobilities under the Swiss Solution to Erasmus+

Target groups and activities

Target group 1: VET learners, VET graduates

Activities: VET traineeship (work placement) or thematic project work from 5 to max. 365 days (excl. travel days)

Target group 2: VET professionals

Activities: Exchange on education and training issues from 2 to max. 60 days (excl. travel days)

Teaching observation (job shadowing)

Teaching activities

Networking

Structured further training: Participation in courses, seminars, conferences

Who can submit a project proposal?

Swiss institutions active in or somehow linked to vocational education and training.

Movetia helps to find the corresponding Swiss partner

Movetia is financing outgoing and incoming mobilities.

Application deadlines for mobility projects

First Deadline: probably 1st March 2023 (project start: 1 June 2023)

Second Deadline: 3 October 2022 (project start: 1 January 2023)

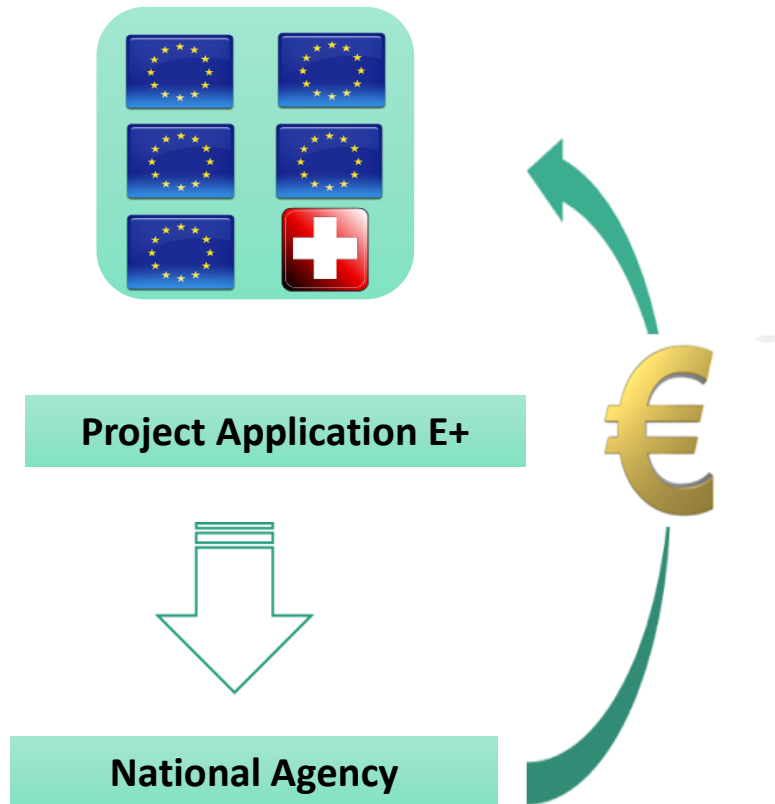

Project duration

Between a minimum of 12 and a maximum of 24 months

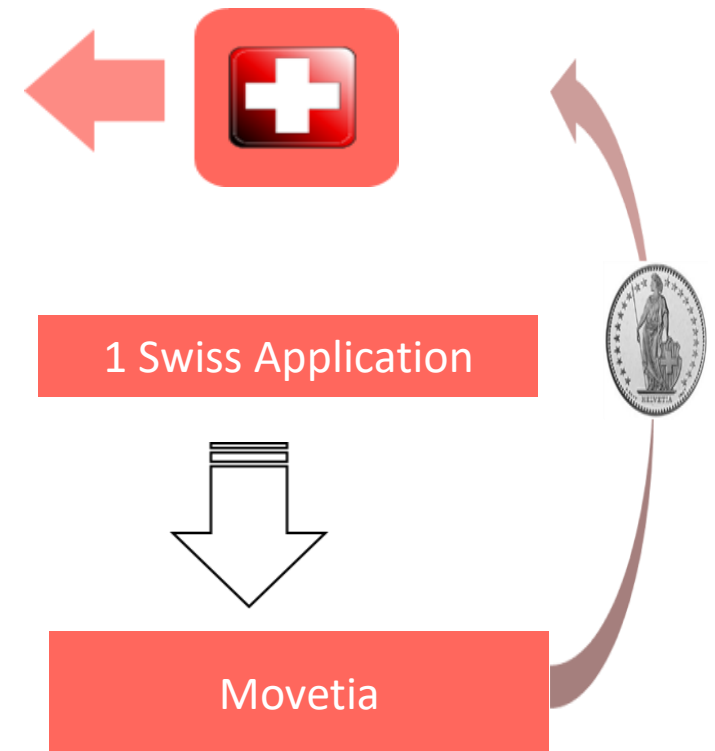

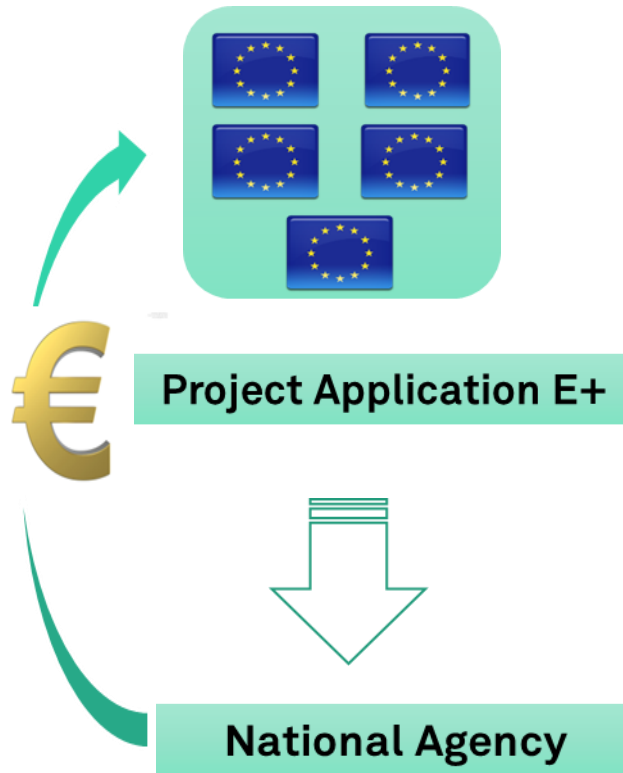

Cooperation projects under the Swiss Solution to Erasmus+

How can Switzerland participate?

Official partner

Associated partner

Eligible stakeholders

Vocational schools and other vocational and further education institutions

Training companies

Social partners, professional and sectoral associations, professional organisations and chambers of commerce

VET advisory and information service providers and bodies involved in VET policy

Associations, NGOs and other organisations that implement projects in cooperation with VET institutions

Application deadlines for cooperation projects

EU Deadline: probably Mid March 2023

Movetia Deadline: End March 2023

(to be defined)

International cooperation partnerships

Objectives

At least one Swiss institution cooperates with one or more European or non-European institution in a project. These cooperation projects contribute to the safeguarding and further development of the Swiss education system by:

establishing and strengthening inter-institutional networks;

development of new processes or new ways of working among the participating institutions thanks to the exchange of experiences and best practices;

development of educational material, new pedagogical approaches or new services to be tested and ideally implemented;

design of guidelines or policies for the sectors and actors represented by the participating institutions.

Eligible stakeholders

All VET institutions based in Switzerland

Target countries and project duration

Destination countries

All countries of the world

Project duration

Projects with grants of CHF 15'000, CHF 30'000, CHF 60'000 and CHF 100'000 may last a maximum of 24 months.

Projects with grants of more than CHF 100'000 may last a maximum of 48 months. These contributions may cover a maximum of 60 % of the total costs of the project. The participating institutions must therefore provide at least 40 % of the project funding themselves or draw on other sources of funding.

The project may not already be funded by the Erasmus+ Programme or the Swiss Erasmus+ Cooperation Programme.

Application deadline

Probably end March 2023
