

Regional Skills Partnership for Lifelong Learning Mobility

Information for EARLALL members and prospect members

What is the Pact for Skills and what is a regional skills partnership?

The Pact For Skills is one of the flagship initiatives of the European Education Area, from the European Commission. **EARLALL, as a network of regions and local authorities, is a member of the European Commission's Pact For Skills Initiative.** Through the Pact for Skills, the European Commission is supporting the development of regional skills partnerships. These partnerships bring together different stakeholders to help working-age people in a region learn new skills or improve existing ones. On 17 September 2024, EARLALL launches a regional skills partnership for **lifelong learning mobility**, as part of the Working Group on Mobility.

What does the Regional Skills Partnership for Lifelong Learning Mobility commit to?

Acknowledging the ambitious targets set in the proposal Europe on the Move, the Regional Pact for Skills for Lifelong Learning Mobility seeks to increase the number of mobilities of Vocational and Educational Training (VET), Apprenticeship, Adult Education, informal education students, in addition to increasing mobilities for those with fewer opportunities. **The Partnership will focus on promoting a culture of lifelong learning and providing opportunities for those with fewer opportunities, by creating solid links between regions in these fields of exchange and by committing to monitoring and evaluating exchanges in these fields.** The Regional Skills Partnership for Lifelong Mobility commits to help to reach the goals of Europe on the Move, with 20% of VET learners by 2030 on mobilities and 20% of all mobilities for those with fewer opportunities and The Partnership commits to networking with regional and local authorities to implement solid cooperation links in the field of VET mobility, with a focus on providing opportunities for apprenticeship mobility and on attracting new members to the Partnership.

What are the planned activities?

- 1 Sharing inspiration and good practices of mobility, particularly for those with "fewer opportunities".
- 2 Defining the meaning of "fewer opportunities" and how to best involve these people.
- 3 Monitoring and tracking mobility opportunities and mobility in implementation across partners of this Pact
- 4 Developing the concept of lifelong learning mobility promoters, working to expand a network of individuals and institutions committed to educational mobility.
- 5 Expanding the scope of a mobility matchmaking tool to new stakeholders, matching high-quality exchanges and, student mobility and also regional and local staff job shadowing.
- 6 Organising one-off or regular project matchmaking events to prepare for joint mobility projects.

What are the next steps and how will EARLALL be involved?

The Working Group on Mobility will use the upcoming working groups to determine the next activities of the Pact for Skills Regional Skills partnership, with the goal of ensuring each meeting has a presentation of best practices and a networking opportunity to interest new members. The EARLALL secretariat will support this planning process and facilitate meetings and networking with new members.

Give your support!

EARLALL is excited for this opportunity to increase the visibility of the network and to continue its commitment to high-quality lifelong learning mobility. Contact communication@earlall.eu and let us know if we can include your logo in official communication about the Pact for Skills.
